

International Symposium on NeuroVirology

held jointly
with the

Society on NeuroImmune Pharmacology

April 10-14, 2018
Swissôtel
Chicago, Illinois, USA

ISNV Meetings Committee

Lynn Pulliam (Co-Chair) Steven Jacobson
Brian Wigdahl (Co-Chair) Kamel Khalili
Sullie Chang Avindra Nath
Jennifer Gordon Michael Nonnemacher

Local Organizing Committee

Lena Al-Harathi (Co-Chair) Eileen Martin
Igor Koralnik (Co-Chair) Richard Miller
Edward Campbell

SNIP Meetings Committee

Marcus Kaul (Chair) Kelly Jordan-Sciotto
Peter J Gaskill (Vice Chair) Cecilia Marcondes
Richard J Noel Jr. (Past Chair) Gretchen Neigh
T. Celeste Napier Italo Mocchetti
Nazira El-Hage Eliseo Eugenin
Marisela Agudelo

Agenda for the 15th International Symposium on NeuroVirology, 2018 Conference on HIV in the Central Nervous System, and 24th Scientific Conference

This exciting joint meeting, which will bridge neurovirology, immunology, and pharmacology, will be held at the Swissôtel Chicago in Chicago, Illinois, USA. For more information, visit the respective meeting pages on the ISNV web site (<http://www.isnv.org/chicago18/>) and the SNIP website (<http://s-nip.org/conferences>).

Tuesday, April 10, 2018

PM | NIMH/NIH Satellite Meeting
 Opening Reception

HIV Comorbidities
 Track B (SNIP)
 Interorganellar Signaling in
 Neurodegenerative Diseases
 Mitochondrial Effects of Abused Drugs
 Poster Session and Reception

Wednesday, April 11, 2018

AM | ISNV/SNIP Welcoming Remarks
 Plenary: Intersection of Immune Function and
 Neurodegeneration in Parkinson's and
 Alzheimer's Disease
 Chronic Immune Activation and Substance
 Abuse
 Young Investigator Session

PM | ISNV/SNIP Meeting Tracks
 Track A (ISNV)
 Neuroinflammation in Virologic Disease
 Audrey Gilden Lectureship
 Viral Reservoirs
 Track B (SNIP)
 Effects of Opioids and Painkillers as
 Therapeutic and Abused Drugs
 Impact of Substance Abuse on
 Neuroimmune Function

Friday, April 13, 2018

AM | Drug Abuse, Aging, and Other Comorbidities
 in HIV infection
 Neuroinflammation, Neural Function, and
 Translational Research: Establishing a
 Window to the Brain
 Adarsh Kumar Memorial Lecture

PM | ISNV/SNIP Meeting Tracks
 Track A (ISNV)
 Emerging Infections
 Flaviviruses
 Track B (SNIP)
 Role of the Gut-Brain Axis in Controlling
 CNS Reservoirs
 Emerging Roles of Astrocytes in Health
 and Disease
 Award Banquet

Thursday, April 12, 2018

AM | Plenary: Bill Narayan Memorial Lecture
 Animal Models in Neurological Disease
 Novel Strategies Towards Elimination of HIV
 NeuroHIV and Alcohol Use

PM | ISNV/SNIP Meeting Tracks
 Track A (ISNV)
 Plenary: Richard Johnson Lecture
 Biomarkers and Diagnostic Technology

Saturday, April 14, 2018

AM | Strategies Against Neuroinflammation and
 Neurological Infection
 Young Investigator Session
 Demyelinating Diseases
